Information:

How to optimise patient choice and opportunity

- Encourage innovation in primary care;
- Ensure primary care can access the full range of treatment options;
- Avoid primary care becoming a dumping ground;
- Address dogma as a threat to primary care drug treatment.

Are you strategically, or operationally responsible for developing primary care drug treatment services in your area?

Are you a Shared Care Coordinator, GP, Service Manager, Commissioner, Pharmacist, DAT Officer, User of services or Shared Care Worker?

SMMGP invites you to its 3rd National Conference to focus on:

- Ensuring positive policy in primary care based drug treatment services in England.
- The development of holistic primary care based drug treatment services in an evolving health and social care system.
- Developing and strengthening regional forums and networks.
