

Education and prevention home

Our aim is to identify, develop and promote good practice in alcohol and drug education. We work to ensure that young people across the UK have access to the best possible drug education, enabling them to make informed decisions about their lifestyle and keep themselves safe from the harm that drugs can cause.

We do this by:

- Disseminating [good practice guidance](#).
- Running workshops, seminars and conferences
- Supporting the [Drug Education Practitioner's Forum](#)
