

## About Druglink

### Welcome to Druglink

Druglink is a bi-monthly magazine for all those UK professionals interested in drugs and drug-related issues whether it's treatment, public health, education and prevention, criminal justice or international. Druglink includes the latest news, feature articles, interviews, factsheets, reviews and listings.

**Latest issue: May/June 2013 28(3)**

Since its introduction in mid-2011, the Department for Work and Pensions flagship Work Programme (WP) has come in for widespread criticism. In our [free article](#) this month, Paul Anders looks at the WP in detail, and considers its relevance for the drug and alcohol sector.

Please see a [contents page](#) for full details of this issue of Druglink.

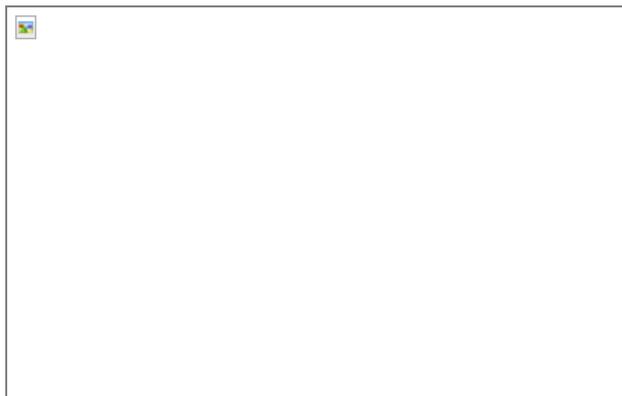

### Future issues

All future issues will be available online to [DrugScope members](#) only. Members will also be able to access two years of back copies.

For those of you who are simply subscribers, you have the option of switching to membership at the time when your current Druglink subscription expires. Note that in addition to Druglink, [membership](#) entitles you to discounts on publications and DrugScope events, access to the members area of this site and the opportunity to take part in DrugScope consultation exercises to put your views and concerns to government.

### Free online issue!
