

Helpfinder

DrugScope's database of drug treatment services

Welcome to Helpfinder

Helpfinder is DrugScope's database of drug treatment services. It provides contact information and basic service provision details for drug treatment and care services in England, Wales, the Channel Islands and the Isle of Man. Services in Scotland can be found on the [Scottish Drugs Forum directory](#) and services for Northern Ireland on the [Drugsalcohol.info site](#)

Helpfinder enables you to search for organisations providing specialist treatment for drug users, their families and friends. Helpfinder can be used to search for organisations in your area and print their contact details.

- **Search Helpfinder [here](#)** (opens in a new window)
- Add your drug treatment service to the database. We welcome submissions from all UK treatment services. Send details of your service to Andy McNicoll- andrewm@drugscope.org.uk
- Download our list covering [sources of help](#) (PDF 114KB) and information on drugs and drug related issues in the UK Drug treatment in the UK

The following web pages provide more information on drug treatment in the UK:

- [What services does Helpfinder include/exclude?](#)
- [What types of drug treatment services are available?](#)
- [How do I use a drug treatment service and what can I expect?](#)
